

3 August 1959

25X1A

MEMORANDUM FOR: Chairman, ARC

SUBJECT: Recommendation for Handling
Non-Penetration Materials

APPROVED

TCO/CIA

6 AUG 1959

25X1A

1. In order to conserve limited manpower resources and to handle data so as to be responsive to those items of urgent need, commensurate with their relative importance, it is recommended that all future Middle East and related non-penetration missions for which [REDACTED] Reports are prepared by the [REDACTED] Centers be handled according to one of the following categories:

25X1A

CATEGORY	TRANSPORTATION OF FILM	PROCESSING AND PHOTO INTERPRETATION	CABLE PRECEDENCE	DISSEMINATION IN Z1
I - Mission flown based on urgent requirement levied by the ARC or DCI	Immediate air-lift from [REDACTED] B to [REDACTED]	On 24 hour basis until [REDACTED] Report transmittal	Operational Immediate	Immediate regardless of time of day
II - Mission flown based on priority requirement of one member of ARC	ASAP on 1st available aircraft	On 12 hour/basis until [REDACTED] Report transmittal	Priority	PIC/DMD to be advised at 0600 by Signal Center that priority msg rec'd. Dissemination to be made on AM Courier run.
III- Mission flown on routine monthly basis for comparative coverage	On Friday Shuttle	Starting Monday, AM, on 8 hour day basis until [REDACTED] Report transmittal	Routine	PIC/DMD will disseminate on first Courier run after receipt.
